

Butler County Extension Office preparing for Annual Toy Drive

The Butler County Extension Office and the Butler County 4-H program would like to give to back to a very special cause this holiday season. We will be hosting a Toy Drive to benefit the Sunshine Children's Home in Andover, which is a project of Sunlight Children's Advocacy & Rights Foundation (SCARF) – created in 2004 by a group of Butler County citizens who worked every day in the trenches of abuse. A sense of safety is perhaps the most lasting loss an abused child experiences, and SCARF has identified Sunshine Children's Home as a safe haven for these most vulnerable children at risk; All too often, children have to be taken into temporary protective custody until either a healthy reintegration into the family can be accomplished or other longer term arrangements can be made. Sunshine Children's Home provides a temporary residence for these children, closer to home, and without separating them from their siblings.” The children's home provides a temporary safe place for children primarily residing in Butler, Elk, and Greenwood counties who are faced with hardships grievous enough to warrant removal from their homes and caregivers.

At Sunshine Children's Home, children ranging from infants to teens will be cared for by caring professionals in their own community. In addition to toys, things that are needed for the Children's Home include cleaning supplies, infant care supplies, snacks, and hygiene products. We are hoping to gather the following list of items by December 16th to drop off at the Children's Home to benefit those most vulnerable in our community:

- ❖ Bottles/nipples
- ❖ Wipes
- ❖ Pacifiers
- ❖ Sippy cups
- ❖ Baby bath/wash
- ❖ Action figures
- ❖ Plastic animal sets
- ❖ Cars/trucks
- ❖ Barbie's (all ethnicities)
